COMPLIANCE WITH LAWS AND REGULATIONS: The consultant or consultants ultimately awarded a contract shall comply with federal, state and local laws, statutes, ordinances and regulations relative to the execution of the work.

ASSIGNMENT: This contract is binding on the parties and their heirs, successors, and assigns. No party may assign, transfer or subcontract its interests, in whole or in part, without the other party's prior written consent.

The contractor shall indemnify and hold the County harmless from any loss, liability, damage, death or injury to any person or property, from any act of omission of the contractor, its agents, or employees, arising directly or indirectly as a consequence of this contract.

If the County receives a request for inspection or copying of any such documents it will promptly notify the person submitting the documents to the County (by U.S. mail and by fax if the person has provided a fax number) and upon the written request of such person, received by the County within five (5) days of the mailing of such notice, will postpone disclosure of the documents for a reasonable period of time as permitted by law to enable such person to seek a court order prohibiting or conditioning the release of the documents. The County assumes no contractual obligation to enforce any exemption.

BREACH OF CONTRACT AND LIQUIDATED DAMAGES: In addition to any material breach of the contract the remedies available thereto, the following specific acts or omissions by the contractor may, at the election of the County, result in either the immediate termination of the contract and damages or the payment of liquidated damages for specific nonperformance(s):

- Failure to meet contractually designated time lines and milestones
- Failure to supply and maintain insurance
- The imposition or availability of liquidated damages by County shall not preclude the County from seeking actual damages upon termination of the contract, as a whole. The Corrections Chief shall notify the contractor of said act of omission under the contract and the contractor's exposure to the contract

termination and liquidated damages. It shall be the duty of the contractor to take whatever steps may be necessary to remedy the act of omission and to notify the Corrections Chief within 24 hours after receipt of notification, confirming actions taken.

- Failure to remedy the act or omission within the times set forth by the Corrections Chief shall be considered breach of the contract for the purposes of termination of contract or assessing liquidated damages under the provisions of this section. Accordingly, the County and the Contractor agree: (1) to pay (according to the following formula) liquidated damages for each day [or hours, as applicable] allowed for completion of the Contractor performance under this agreement; and (2) to authorize the County to deduct these liquidated damages from any money due or becoming due to the successful bidder/Contractor

- **LIQUIDATED DAMAGES FORMULA**

- $LD=A/T$, where

- LD =Liquidated damages per day[or per hour, as applicable] rounded to the nearest dollar.

- A =The original Agreement amount.

- T =_____ days [or hours, as applicable]

- (Such determination, understanding, and agreement as to liquidated damages is issued by the Contractor and is accepted by the County as part of the good and valuable consideration of the Contractor for this agreement). Each day that such act of omission continues on the part of the Contractor shall be considered a separate occurrence for the purpose of the assessing liquidated damages.

- The liquidate Damage amounts set forth do not constitute a penalty. This amount is fixed and agreed upon by and between the Contractor and County because of the impracticability and extreme difficulty of the fixing and ascertaining of the actual damages the County would sustain in having the work delayed. This amount shall be construed as the actual amount of damages sustained by the County.

- The contractor may appeal the deduction to the Corrections Chief in writing within (10) days after payment receipt. The Corrections Chief may solicit such information and conduct such inquiries with the contractor and the County as he/she deems necessary for his/her decision. The decision of the Corrections Chief is final for the purposes of the contract.
